It will never end.

Hate will only breed hatred.

I dont have that kind of strength.

To forgive those government agents that killed my parents,

Real strength is to have a heart with dreams and hopes!

I know what you have in your heart....

For the person who told me the true heart of strength,

I was checking out the situation...

And besides, I want to use my best skill to win against you.

When you were on the ball, you had a chance...

Why didnt you attack me?

Refraction...?

Before my attack was blocked by you, I had already moved to the top of the ball.

its... Refraction.

This causes far things to appear near

It's like the one we saw in the ruin of dusk storm,

The one contain the number 666. Ultimate memory weapon!

Using those energies as bases, he can quickly reorganize them

he is located in the highest content 1i in reverse Kabbalah, its ability in absorption is different from the others, he can unlimitedly absorb big amount of energies

But...

This matter, nobody knows

Weapon.. actually, what kind of weapons they are..

而那半巴拉本身……

正是毀滅藍色星球的兵器……

that Kabbalah itself .... Is the weapon that diminished the blue planet

第四話 !!!

Numerical Monster Satan!!

悪魔の試

Jio.....

is Kabbalah's weapon!

one of them is.....

You mean that there are 20 Kabbalah people existing in this world

and so do I.

that is the content monster

it's a monster that cannot never go along with anybody.

as you can see, the girl in the 3rd battle called Yuria...

has released a monster.

Jio!

warm when touching able to cry or laugh just like me

Jio is not a weapon!

you lied! That's impossible

sometimes he even quarrels with me

Olympia is just a place where I use for finding the content monsters

hahahaha .. It's too late, I've already noticed that!

Don't use humans as standard to determine weapon

You humans are only a point in the flowing time.

a then, when you can't find the content monster in Olympia, the winner .

Marus that person is still alive.

I believe.

I want to get the power of Satan as weapon

woman I'm going to use you to make Satan's heart corrupt. .

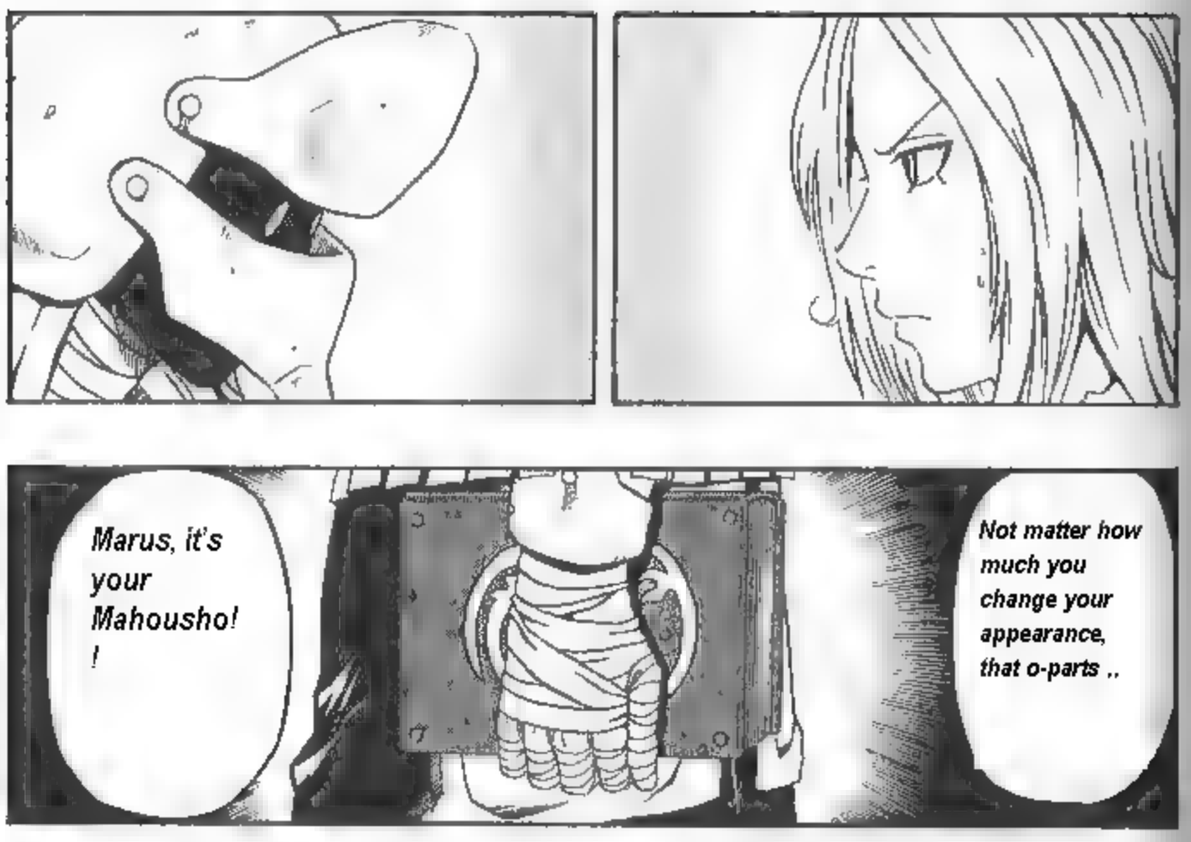
I would let them work at this Rock Bird City... hahahaha

of course, no matter what, the winner is a high-quality O P T.,

Even if he had to change his life, he won't become something like you

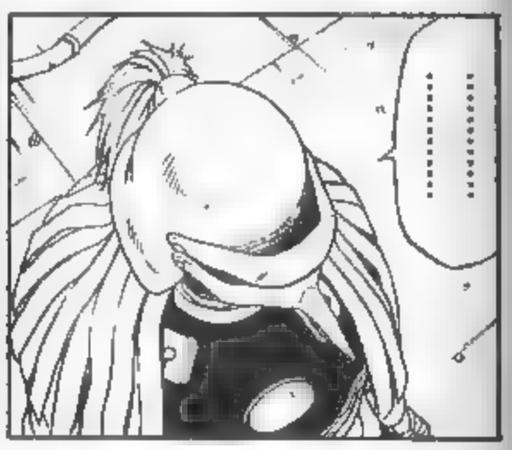
Jio won't wish for that!

I won't let you have Jio!!



Marus, it's your Mahousho!!
Not matter how much you change your appearance, that o-parts ..

Why aren't you talking!?



.....

and that is you...
this city is going to send out an O.P T in the 8th Battle..

喀喀

I don't have any o-parts right now!!
Marus!!

It seems that you can't run with those legs of yours

Wait, that person is not one of them!

fu

huh!

AHHH...

Uh..
AH..

krak

158

hahaha . this city is

what's that suppos ed to mean?

working for Rock Bird City...

呀！

reach

in other words. they are superior it's because they are..

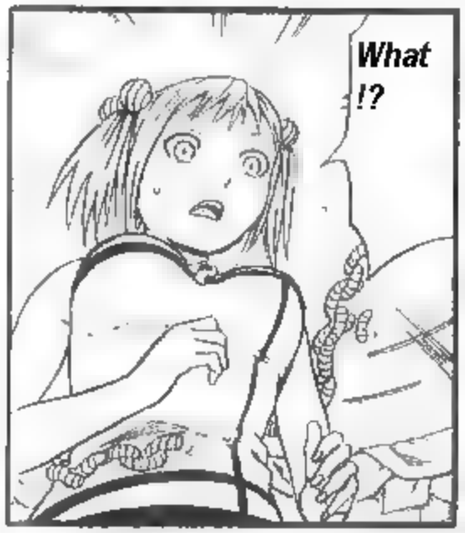
for this city.....
.....

inputting spiritual power is necessar y.

to make it staying in the sky.

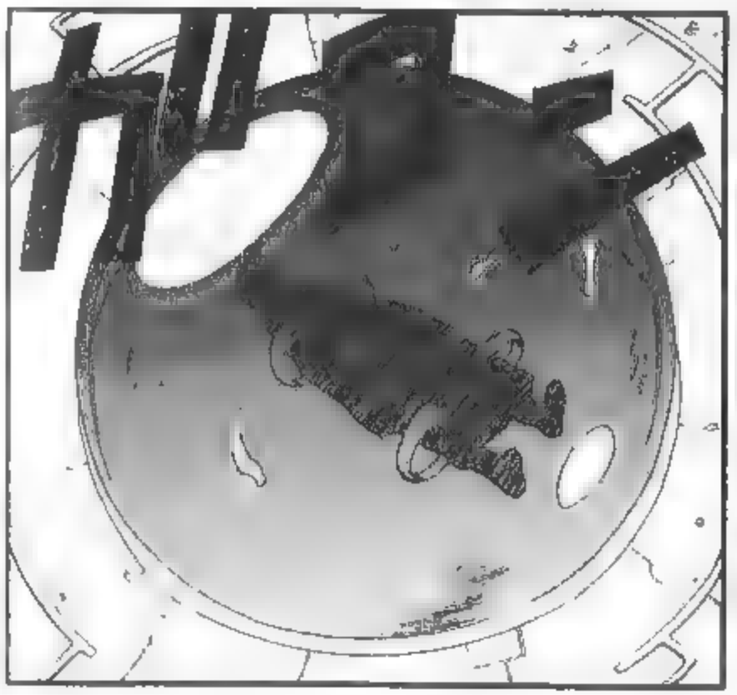
159

they existed as a battery!



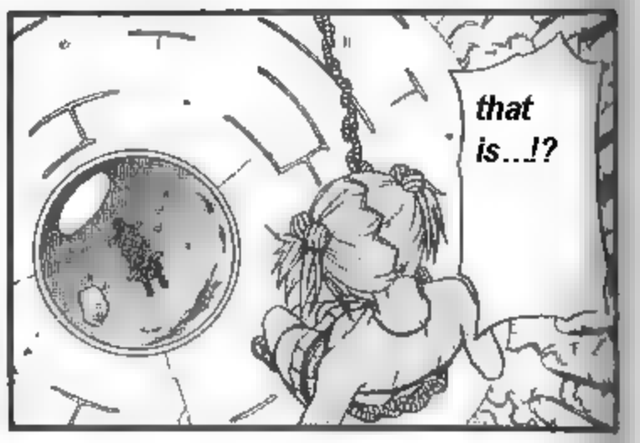
What !?

spin ning



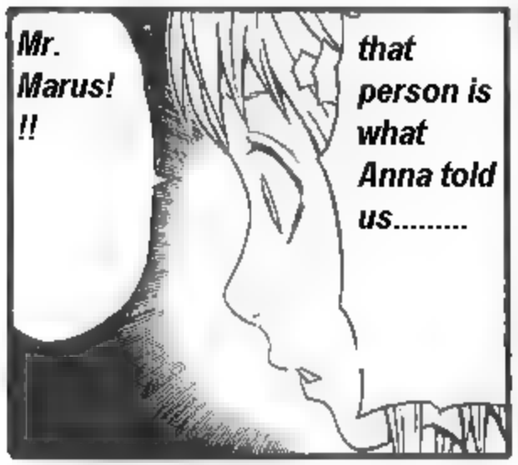
KON KON KON

haha haha



that is..!?

he is the winner of last Olympia.
コポポ
ゴゴゴ



Mr. Marus! !!
that person is what Anna told us.....

If I win... once again, even if it's only once....

Marus

so Olympia comes every four years

when 4 years came, it is time to change battery...

about to use for four years...

You are mistaken me for another person!

Young people, be patient!

Who are you...!?

It's just "one stone for two birds", right? Hahahaha

Yes... finding Kabbalah monster and...
a good battery for Rock Bird City.

Kaida, you are not young any more, still impatient.

You will definitely

gras ps

Icaros... no matter what kind of wings you have...

Indee d...

This is for gathering information ... this Olympia is very suspicious.

this ?

Where did you find that book?

Amidaba! Please tell me!

But, your outfit is kind of

the answer is he's located on the highest level inside Icaros' room is

the owner of this book?

you know..... .....

I should be the one asking you...

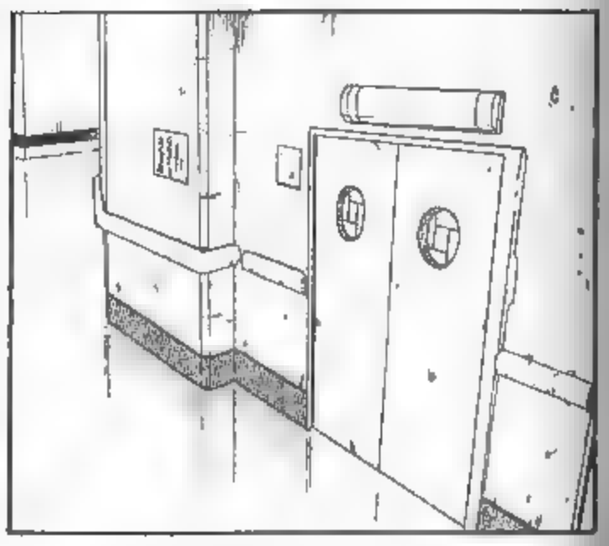
Amida ba!!!

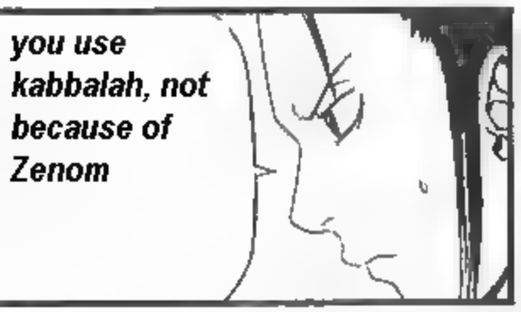
in other words, Ruby and the others are also in this city?

it's a long story... but, your outfit is...

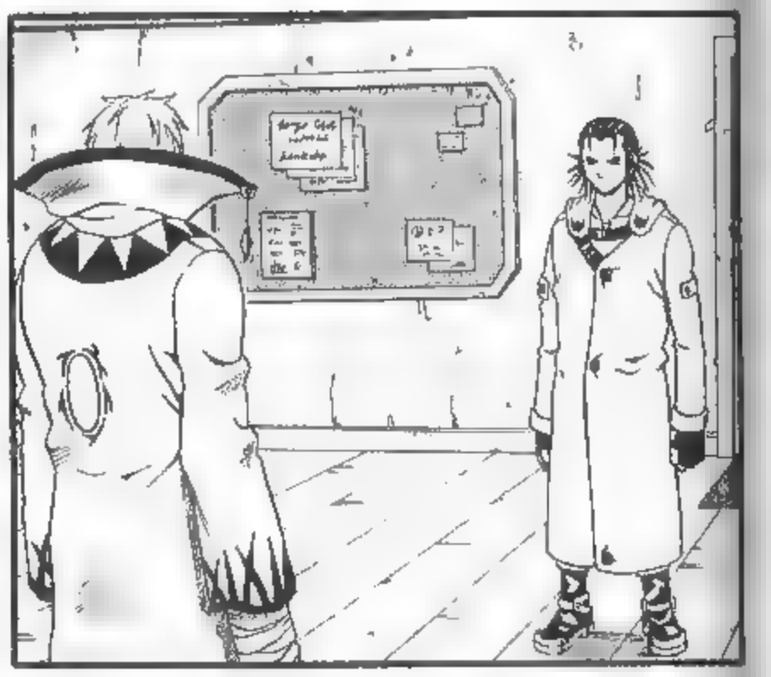
what are you people anyways?

Amidaba... you are that seven-color Amidaba!? The one who can use all the o-parts...

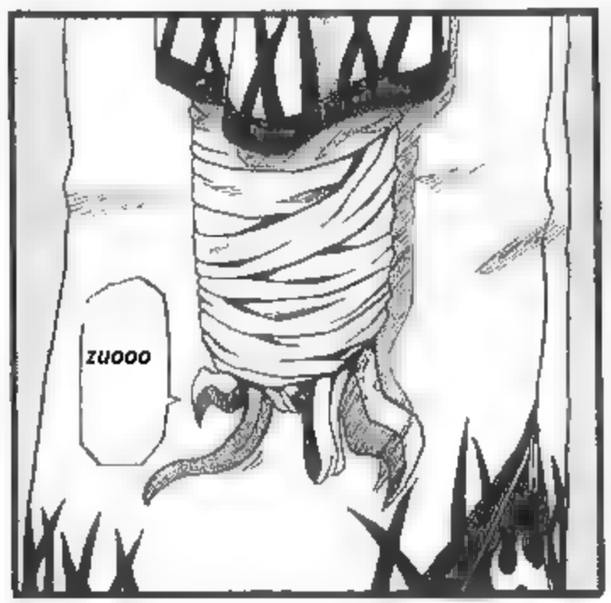




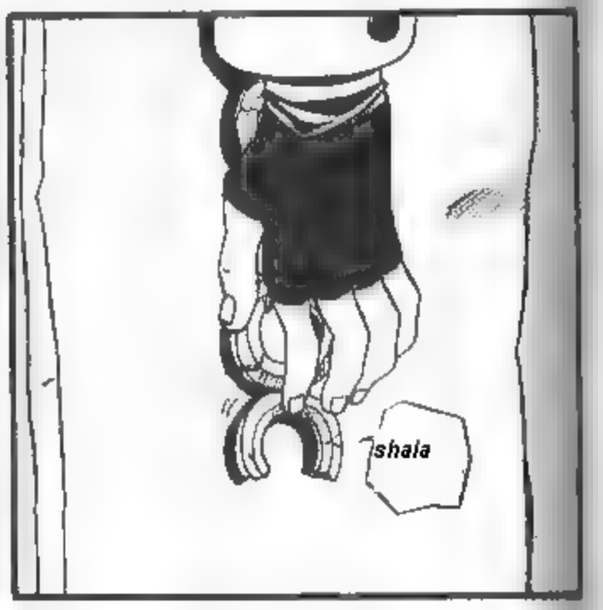
you use kabbalah, not because of Zenom



but I'm one of the four guardians

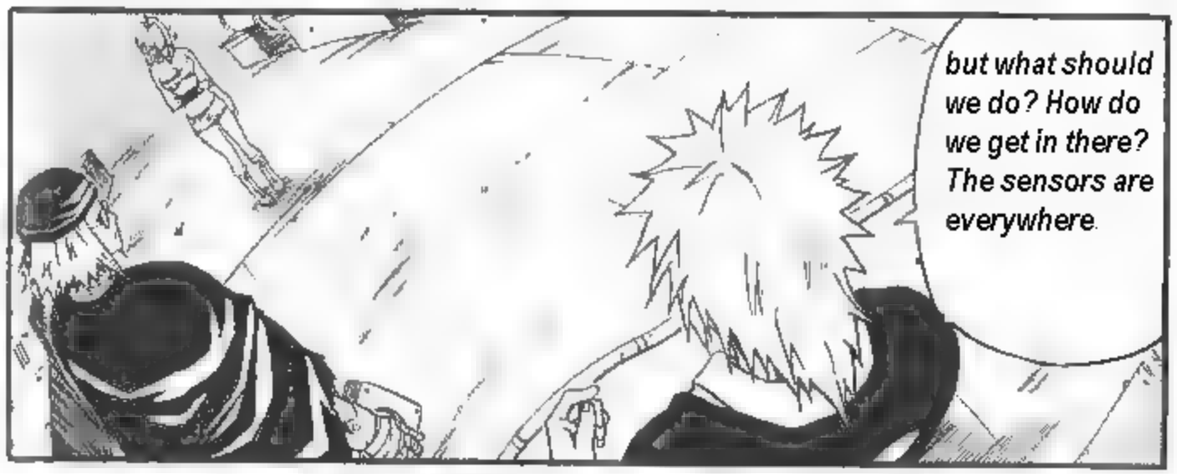


zuooo

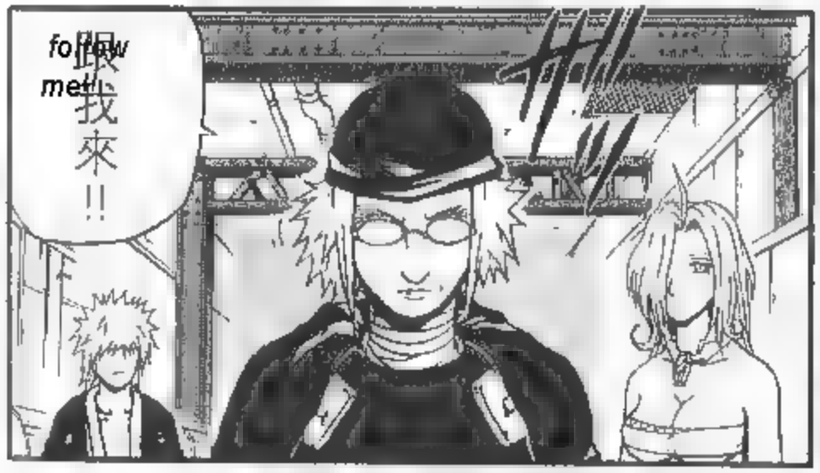


shala

then Icaros should be the one who's after Jio.
II Peacock's goal is not Jio,



but what should we do? How do we get in there? The sensors are everywhere.



follow me!!
跟我來!!

that's why I'm dressing up like this Dressing up as the people of this city, waiting for a chance.

Ma ru s ...
馬魯斯...
你要平安啊...
pleas e be save ...

Damn... very fast of speed, very strong of strength!

he is even standing there only really my chain has been slower I can barely avoid

我的鎖鏈都慢了……只能勉強防禦。

他還只是站在那裡而已……眞的，

How shameful is it, Shuri

krak

sha

AHH!!

HHH
HHH

people come in a roll to visit; it's pretty lively in here.

what are you doing here...

just cleaning out the garbage.

hu hurry bring that girl and run run

Are you ok?

nothin g partic ular...

crack open

!!

Bow

RUN!

What's going on here

you such a trash!

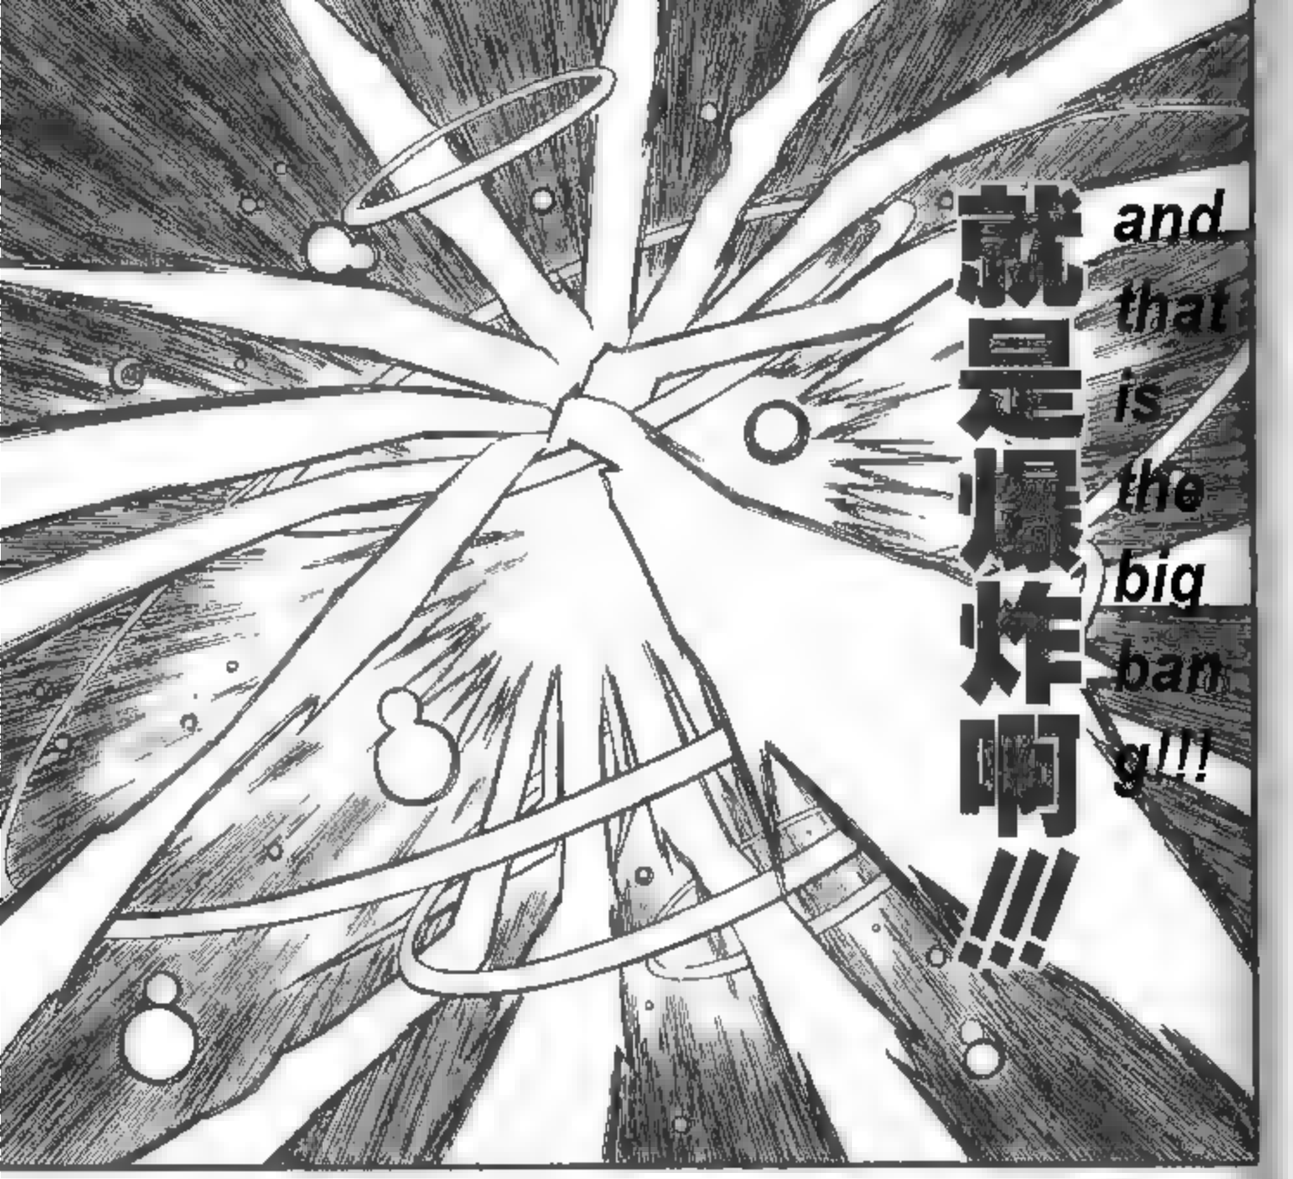
there's a hole in your lung, you still keep talking that much!

?

Idak Idak Idak

sha

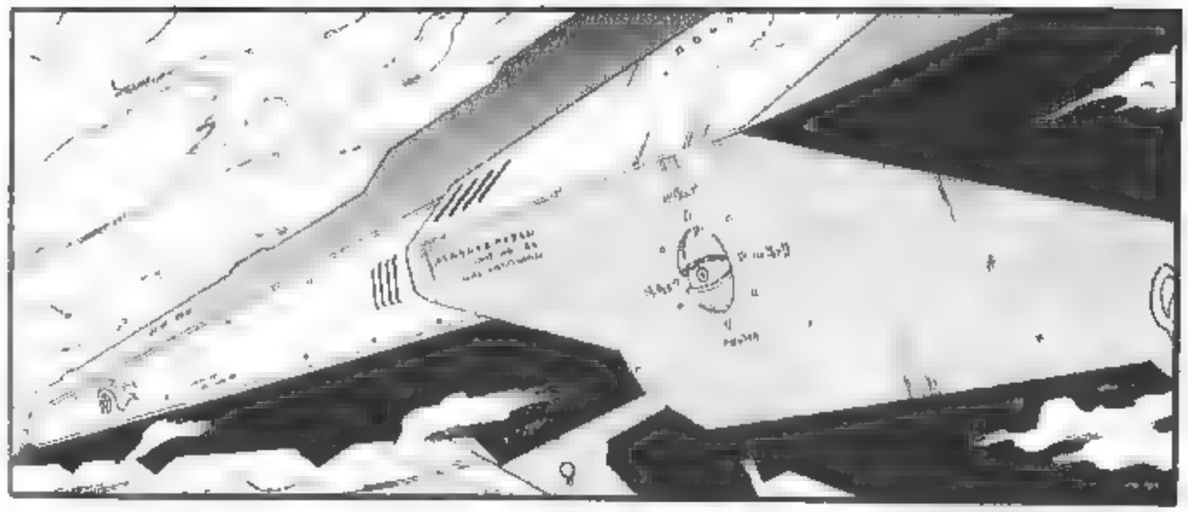
this time, it's your mouth...



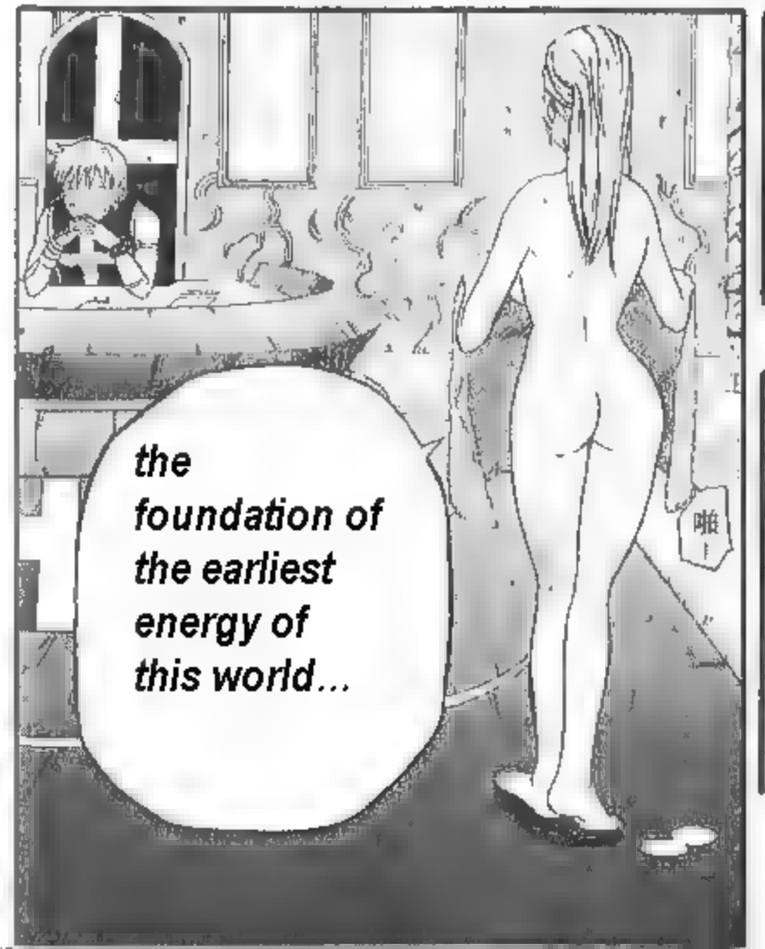
就是爆炸啊!!!
and that is the big bang!!!

even quality included are a form of the energy.
sport, position, heat, light, magnetic field ..

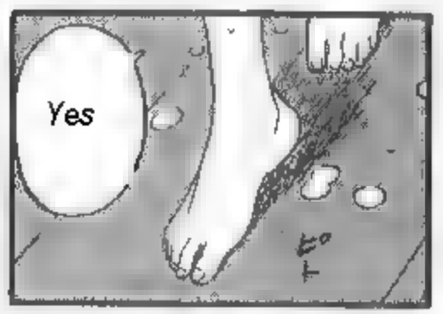
transfor m into the shape of everythin g, dissolve, split up
in order words, in the inner part of this universe, the energy of Big Bang .



The Big Bang...?



the foundation of the earliest energy of this world...



Yes

but these energy has transform into the energy that rubbing against air, that is change of form.
the input energy for throwing the ball is unchanged

For example, throwing a ball at a 10km/h of speed on earth,
it slowed down because energy is losing

friction energy (2)

the total amount of energy (10)

speed energy (3)

weight energy (5)

slow down

speed slow down

speed energy slow down (10)

amount of energy are the same (10)

this time, I finally understand

the ball will stay at the same speed 10km/h, and continue to fly

use the same method throwing a ball in space, because there is no air to cause the friction,

speed energy slow down speed (10)

a space with no substance

yes

As long as this method is presented

What you just said is the method to store energy

the big bang's energy of this world would be totally

transform location and shape, stars, plants, living things are part of the energy.

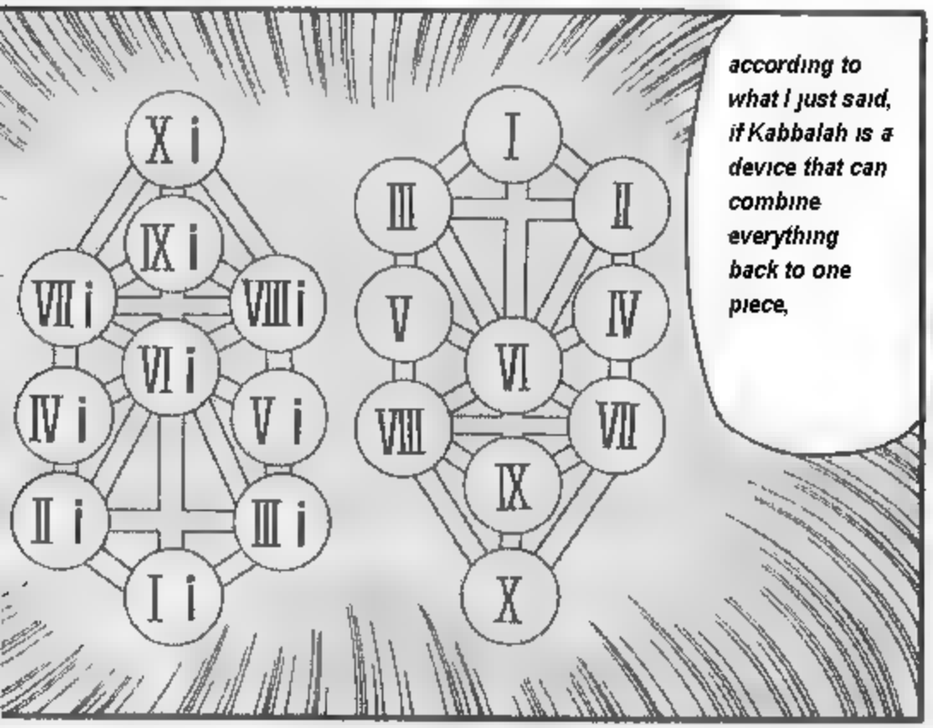
the conversation is getting too far... I don't understand a thing .

consisted of 20 spheres… kabbalah….

and that is what you mentioned in the past… the holy and unholy symbols

according to what I just said, if Kabbalah is a device that can combine everything back to one piece,

you are quite sharp .. to prevent others from hearing this, I decided bathe here



because all the living things want to obtain large amount of energy, they all obtained DNA that is programmed because of this basic characteristic, people began to fight and battle again in order to gain better-quality of energy

所有的生物爲了擁有龐大的能量，都擁有被設定了程序的ＤＮＡ。

正因爲這種本質，爲了收集更好的能量，人們才重覆着紛爭和戰鬥……

We maybe desiring the energy that is the foundation of the Big Bang, running towards that goal

也許我們追求作爲根源的宇宙大爆炸的能量，向着它不斷前進。

if putting all the energy that separated things …

如果把所有東西分開的能量……

and if the thing that can combine everything back together does exist…

合而爲一的東西眞的在這個世界上存在的話……

why does this enormously growing energy has to go back to one… why does Kabbalah exist in this world. What exactly is going on. . ?

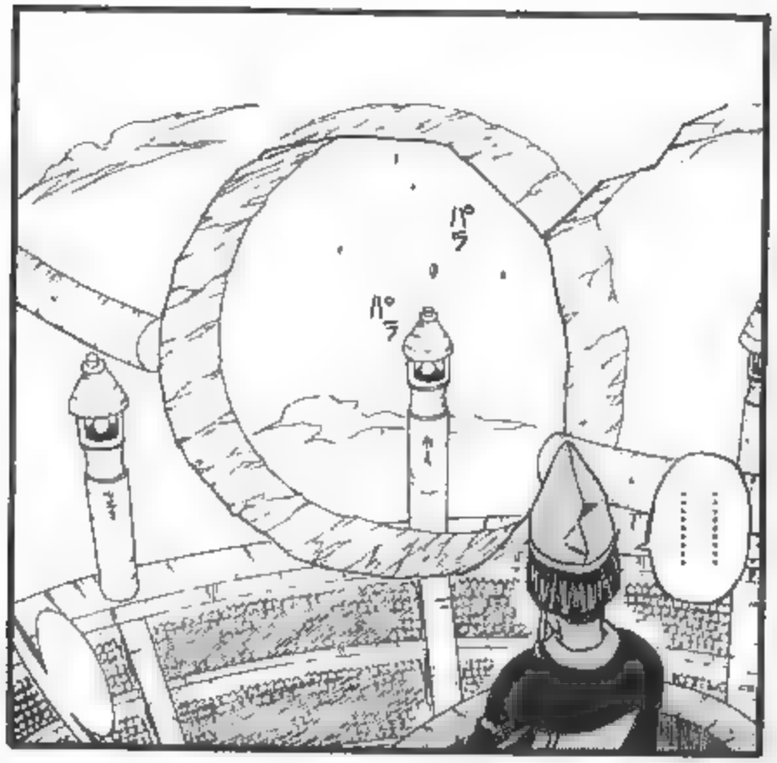
不斷擴大的能量爲甚麼要重覆恢復爲一體。

爲甚麼這個世界上存在着卡巴拉這樣的東西。

到底是爲了甚麼

will be wiped out, and return to one

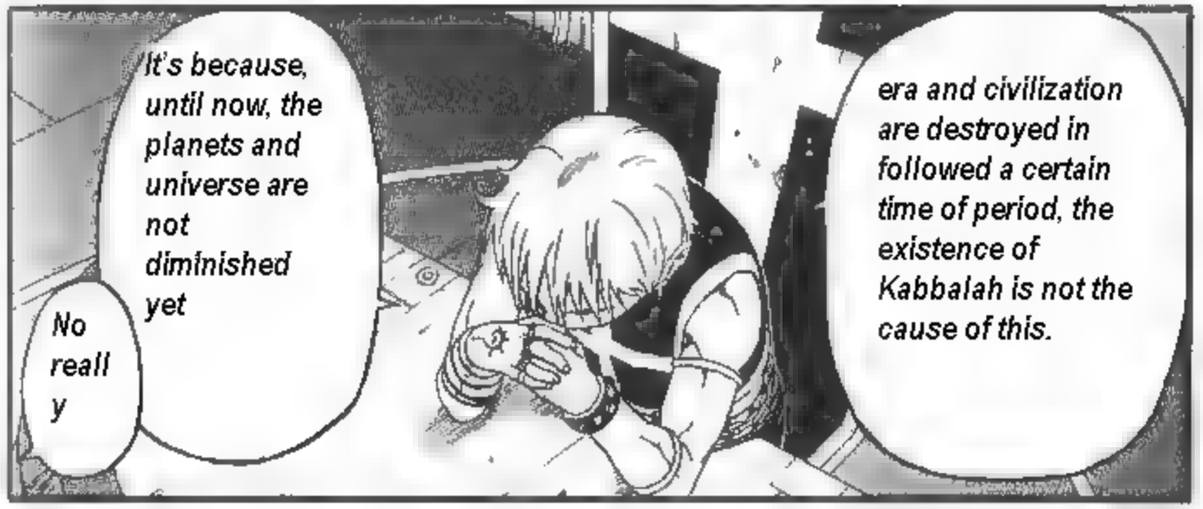
then all living things, stars, universe that is a part of this energy ..



comparing to the past ones are totally different.
this Olympia

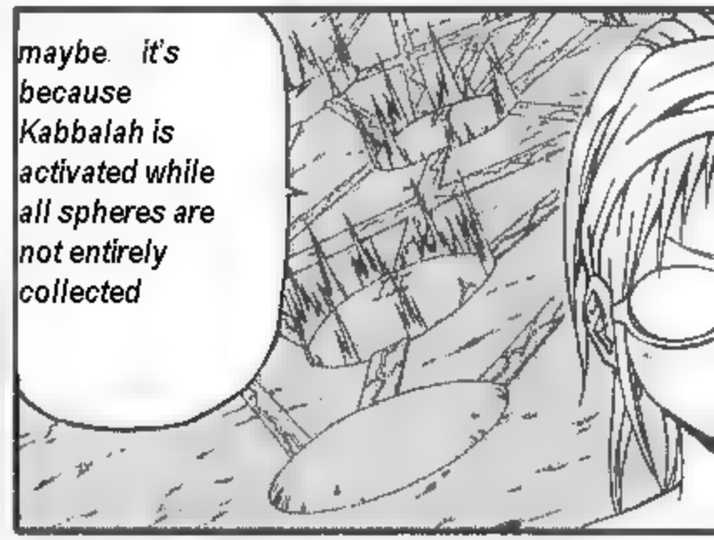
you are Ball right.

Jio!!
hey! Jio! Hang in there!



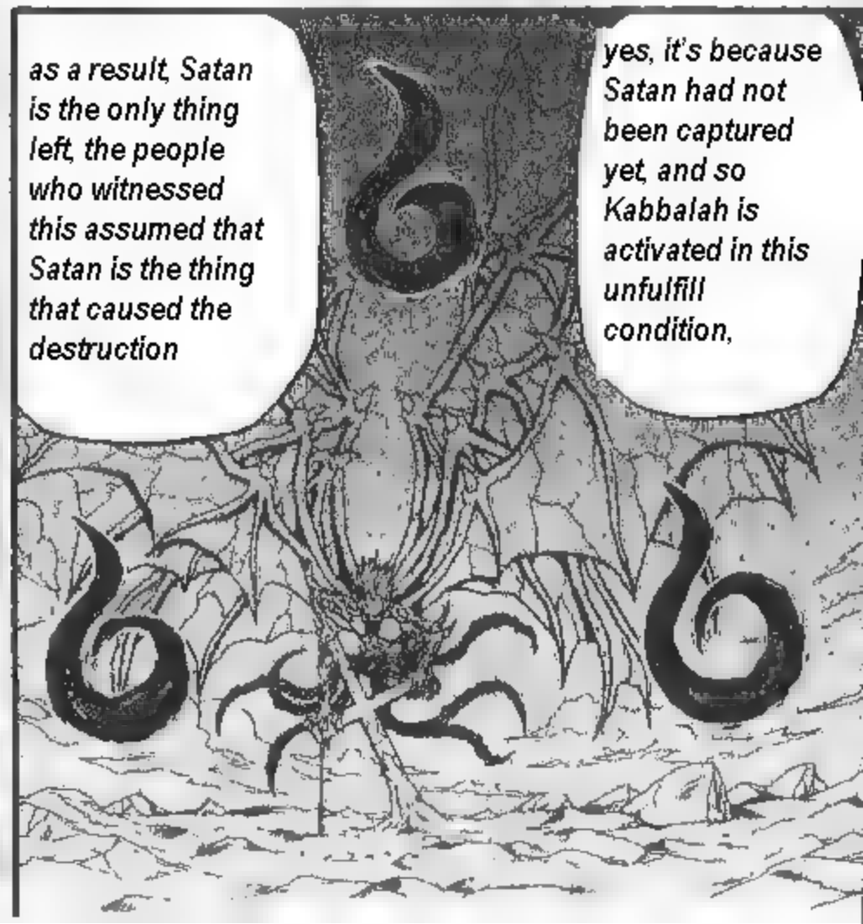
It's because, until now, the planets and universe are not diminished yet
No reall y
era and civilization are destroyed in followed a certain time of period, the existence of Kabbalah is not the cause of this.

6 6 6 ...
that
then the thing that appeared when the civilization are destroyed..



maybe it's because Kabbalah is activated while all spheres are not entirely collected

no matter what, Satan is the last key to Kabbalah, that's for sure.
Then that's what said in the legend..



as a result, Satan is the only thing left, the people who witnessed this assumed that Satan is the thing that caused the destruction
yes, it's because Satan had not been captured yet, and so Kabbalah is activated in this unfulfill condition,

Fatty Momotarou!! And Jajamaru!!

Don't joke around

Who are you?

噠！

哼！

唰！

Uhhhh, my noise is not working

青花魚之劍!!
